

Q6 Share any other comments/concerns regarding leaf burning and the potential ban

Answered: 154 Skipped: 217

#	RESPONSES	DATE
1	Your ban is horse shit and is non-enforceable. What risk, liability, or interest does the city have regarding other than to remove citizen freedoms and financial gain for the city?	6/1/2023 11:11 PM
2	In favor of banning only if there is once a month pickup and once a week drop off service, e.g. every Wednesday from 4 to 6 pm	5/30/2023 8:41 AM
3	Residents must have a way to dispose of yard waste. If the city offered more frequent free yard waste pickup many residents would likely use that rather than burning. A hybrid or combination approach might also work. Allow burning with the current restrictions but also offer more frequent pickups for free or a nominal fee and/or offer a location where residents can drop off their own yard waste.	5/30/2023 8:39 AM
4	I enjoy and exercise my right to burn in town and would resent losing the privilege for no good reason	5/28/2023 12:19 AM
5	It would be nice to redirect the Council's focus to cleaning up the new junkyards located along Clinton Ave downtown.	5/27/2023 8:00 AM
6	Please let us burn the whole week!!!	5/25/2023 7:01 PM
7	Please add another day to burn or make it the whole week.	5/25/2023 7:00 PM
8	Just want to still be able to have fireplace fires.	5/25/2023 12:40 PM
9	I have asthma and the burning of leaves aggravates it.	5/25/2023 10:36 AM
10	I don't understand why you would want to take this freedom away from our community. We already pay high taxes for crap roads. Why not let us burn	5/25/2023 1:18 AM
11	Clinton has a ban, but they pick up the leaves without charging residents.	5/24/2023 2:55 AM
12	Leave it the way it is!	5/23/2023 12:56 PM
13	Leave things as they are. People with issues should stay in on designated days. We don't have to do everything big cities do.	5/22/2023 7:19 PM
14	There are reasons people live where they do. If I wanted an HOA lifestyle, I would live in one of those cookie cutter subdivision places. No thank you.	5/22/2023 7:00 PM
15	Banning would increase costs and inconvenience for residents and the city.	5/21/2023 9:17 PM
16	I get tired if people burning trash. I have bad allergies and burning yard waste is bad enough but when you add in house trash. That's just gross.	5/20/2023 10:37 PM
17	We only have 3 days of burning now, that should be acceptable for the community now. Let's not take something else away from us.	5/20/2023 7:29 PM
18	We who believe in leaf burning, and cleaning up our yards, while the ones who don't, let it go into neighbor's yards. What harm is it, it's the old fashioned way. Quit putting rules on Home Owners. Does this include burners for cookouts? We both have our likes and dislikes, please don't infringe on my Freedom.	5/20/2023 6:02 PM
19	We are only reduced to three days of burning. When it rains, sometimes those three days are impossible. I do not feel like we should be responsible to pay for clippings and yard waste. When we could just burn them. I understand people have allergies but like I said, it's only three days a week.	5/20/2023 4:41 PM
20	Leaf and yard waste burning is fine. Need to STOP the garbage burning!	5/20/2023 3:07 PM

Leaf Burning

21	It's our right to burn on our days. We have over an acre. The sticks alone would be outrageous. Don't spend extra money and charge your residents for a common courtesy	5/20/2023 12:40 PM
22	I like the rules that are in place. (thurs,fri and sat)	5/20/2023 9:40 AM
23	Ridiculous that this is even a thing with you guys. Get your shit together and quit creating agendas that serve no purpose for the community.	5/20/2023 7:44 AM
24	We are a newly wed couple who came back home to start our family. We burn weekly and it's more affordable for us!	5/19/2023 11:53 PM
25	My wife & granddaughter both have allergic reactions when our neighbors burn. It makes them sick for a couple of days. There may be others who are affected in this way.	5/19/2023 3:08 PM
26	No change in banned burning days, no charge to pick up leaves. Personally, the only time I have considered burning leaves is when I am missed for yard waste pickup. However, I think the current regulations allowing burning on some days is fine. Also, even if more regulations are passed, they seem to not be well enforced. I am absolutely not okay with paying a fee for yard waste pickup. This would result in everyone's yards becoming a mess and/or burning constantly, because no one wants to pay a fee for something that every other municipality provides for no charge.	5/19/2023 8:31 AM
27	Stop telling me what I can or can't do.. I Own my property...	5/19/2023 7:56 AM
28	Don't appreciate city regulations for my property. Ban/fine trash burners!	5/19/2023 7:08 AM
29	This reeks of one bored person that needs to find something productive to do	5/19/2023 6:53 AM
30	As it stands, you can only burn two days a week, how can you reduce that? This is ridiculous.	5/19/2023 3:42 AM
31	Take 20 minutes and just drive around town and look at the run down houses and the unkempt yards. Life long resident and have never seen this town look so much like a slum town. B ban burning and it will only get worse. At least some will rRake and try and clean their yards but if they have to pay to have picked up guess what, not going to happen. This is a rual ttown not Bloomington or Champaign.	5/18/2023 10:18 PM
32	Burning leaves is not a problem. Don't take it away.	5/18/2023 9:44 PM
33	I believe we should compost the leaves or mulch them for soil regeneration . Everyone burning leaves on the same days makes it very difficult for ppl with breathing issues to breathe. Maybe City pickup of leaves to make mulch would alleviate the horrible smell and smoke all weekend.	5/18/2023 8:22 PM
34	If this does get banned or limited even more than it already is, things will just get worse. You will have more residents wanting to leave because you are going to charge them a fee for something done to benefit a few people instead of looking out for the whole community. Maybe enforce the days that are burn days and discipline the people who burn off those days. If we know what days are burn approved, than those who have issues with it know what days to take precautions if needed. Then fine those who burn off of the days that aren't meant to be burned. If this bill is passed, maybe the city needs to take it upon themselves to pay for the waste not the residents	5/18/2023 8:22 PM
35	This is completely stupid. We have a burn ordinance in place as is. Just leave things alone and how they are! Changing this is going to drive more people out of town!	5/18/2023 8:11 PM
36	I love the smell of a fire but have developed lung/breathing issues so now I to say no to burning. I know I'm not the only one in town with breathing issues and it is very difficult for us to avoid the smoke.	5/18/2023 7:46 PM
37	I would like to have barrel for burning private papers.	5/18/2023 7:28 PM
38	We already have limited number of days we can burn. And I don't want to add another expense to everything else we have to pay for when I can get rid of them on my own	5/18/2023 7:24 PM
39	We have no trees at all in our yard. We rake as many as 8 to 12 bags of leaves every year. We would not want to pay to have the neighbors leaves hauled off. We are srs. and it is hard enough just to rake them and bag them. Not paying to have them hauled off.	5/18/2023 7:16 PM
40	Leave it alone.	5/18/2023 6:35 PM
41	The days are already not working for some because some work the weekend and don't have the chance to do so because no one can burn on Sunday	5/18/2023 6:03 PM

Leaf Burning

42	I think we should expand burning to all weekend. Some of us work all week. When the weather is bad on Saturday then we just have to wait an entire week to try again. Very frustrating. Most towns that allow burning allow for 7 days a week.	5/18/2023 5:52 PM
43	Burning leaves and brush has always seemed acceptable. I would certainly agree that other materials should not be burned	5/18/2023 5:43 PM
44	Dont change what already works for our community. Not all of us can afford any extra fees either to have the city tote it off nor want to be on their schedule to have it all collected on days that only work for the city crew. I was on the list 2xs to have the local crew cut branches off the power lines and they never showed. Im not about to keep re-raking due to wind all because they didnt show for this either. Let the crew start mowing city property instead of the home owners having to mow in front of sidewalks next to roads etc that are city property to save our own fuel cost and time. That is more important than banning the burn. Leave well enough alone.	5/18/2023 3:39 PM
45	If the city wants to ban leaf burning, they waste should be picked up by the city at no cost to the home owners	5/18/2023 3:00 PM
46	I always safely burn in a burn barrel and don't understand why such a rural area as this would ban yard waste burning	5/18/2023 2:26 PM
47	If leaf burning continues please keep at least one weekend day burn free.	5/18/2023 1:59 PM
48	We live in the country for a reason.	5/18/2023 1:37 PM
49	I feel like people should be able to burn their own yard waste if they are willing and able. Let them make their yard look nice. There is already a limited time which is kind of ridiculous.	5/18/2023 1:26 PM
50	Maybe a compost bin they will break down over time. Or open and area field or wooded area to down off leads and grass clippings where they can decompose and continue the circle of life	5/18/2023 12:45 PM
51	I have migraines but I still do not want you to stop the burning of leaves. This is just a way to get more money out of the people of farmer city.	5/18/2023 12:35 PM
52	Leave this alone. Stop messing with our freedoms. You already mandated which trash company. We should be able to burn when we want.	5/18/2023 12:20 PM
53	Burning should be allowed any day the wind isn't an issue. Some people work during current burning times and can't get the waste cleaned up.	5/18/2023 12:03 PM
54	Small towns everywhere burn, that's part of the draw most people have. Little town no big city drama	5/18/2023 11:45 AM
55	To help both parties in this, could you restrict way the leaves are burned ie - burn barrel, fire pit, etc. Assuming most are against it because of piles burning in the streets, or smoke, somethin can be done to get the piles off streets/smoke above houses. This is a low-income town, people need to be able to take care of yard waste as cheaply as possible. Having to pay not only for the pickup but the lawn and leaf bags as well is an unnecessary fiscal burden.	5/18/2023 11:20 AM
56	What right does the council have to tell residents what they can and can't do on their own properties? I understand that some laws/regulations/bans may be necessary for the safety of the cities residents, but trying to out right ban the burning of yard waste altogether after already limiting it to just a few days is ridiculous. Then you have the audacity to ask if we would pay a fine to have it picked up if we can no longer burn it? I think that the council really needs to reevaluate their priorities. There are so many other things that need to be done in the city to make it a better/more welcoming place for its current residents and to bring in more residents.	5/18/2023 11:13 AM
57	i can understand when some people are burning extremely large piles of leaves that it effects other people wanting to enjoy having there windows open and such for fresh air but banning it all together to charge residents to have it picked up sounds like a smoke screen to me just to collect money. i have a small burn pit with a screened lid that i burn twigs and branches in..no different then a camp fire small and contained, maybe limit the size of fires that have overwhelming smoke or smell but to tell people you cant burn your yard waste on your property but pay the city to have it picked up is wrong and an overreach just like telling people what garbage company they have to use	5/18/2023 10:38 AM
58	Make community more aware of the pile at the property by the bus barn and allow people to dump there themselves	5/18/2023 10:38 AM

Leaf Burning

59	Always trying to get more money from us. I can burn my own!	5/18/2023 10:22 AM
60	This is more of Farmer City's B. S., I understand alot of you don't WORK, but those of us that do need different days to pick from, we don't know if it'll rani or we have something come up, having multiple days to choose from is a blessing, quit trying to make money off of hard working people! Damn!!	5/18/2023 10:17 AM
61	I do not think that we should add one more thing to be told what we can or cannot do in our own yards. People with a lot of trees will have to burn, bag or whatever they choose to do to get rid of their leaves way more than those with little to no trees. Having the burning days to 2-3 days a week in my opinion works. I understand that people suffer with breathing/allergy concerns as I am one of them, but I also don't see how any of that has changed from 5-10 years ago.	5/18/2023 10:04 AM
62	The fact that this is even a question is rediculous. We should be allowed to burn leaves and yard waste whenever we want as long as it is not a super windy or dry day. Trying to control the citizens lives is a waste of time.	5/18/2023 9:58 AM
63	Our police force should have better things to do than drive around give tickets when people are burning safely and y is it we can only burn certain hours and certain days ?	5/18/2023 9:38 AM
64	we live in a small town most of us have burn rings , I'm in favor of not burning things on the side of the road , but if you are burning in a burn ring in your own yard it should not matter when you do so, as a person with a normal life I work Monday - Friday most of that time is spent out of town or even state , my yard work is done on Saturdays and Sundays , not to be able to burn in my own yard and in a contained fire pit on a Sunday is just crazy , if you make any new ordinance it should be burn when you want as long as it is contained within a proper burn pit or ring and be attended by the resident while it is burning	5/18/2023 9:36 AM
65	Current number of burn days is not enough. Would like to see another day or two to burn.	5/18/2023 9:33 AM
66	There is only a certain amount of days a week we can even burn so decreasing the amount of days that would mean about once a month nobody can work around that. I vote no!	5/18/2023 9:31 AM
67	Add more days we can burn	5/18/2023 9:31 AM
68	Please add one more day to burning, either Wednesday or Sunday is great. Thanks!	5/18/2023 9:29 AM
69	Leaf/yard waste burning is a perk of small town living. It should continue to be one.	5/18/2023 9:01 AM
70	If you want to make more yards in town look more trashy, then the ban is for you. However if you want people to upkeep their yards and reduce the amount of waste, keep allowing burning. People who are against the ban aren't going to pay fees to have someone pick the waste up, which will lead to piles of dead brush in yards, in which case I assume the city will hand out fees for ordnance violations, which is corrupt and just an excuse to drain the citizens of even more money then the city already does. The council member who proposed the ban has a burn pile that they've used for years. Which makes it seem as though the council member is just trying to come up with ideas to stay relevant and make it seem like they have a purpose to be a member of the council. Keep giving citizens reasons to move out of town and keep watching tax revenue drop, and more businesses close, and the population of the schools drop, and keep making farmer city a less desirable place to raise a family. Doesn't seem like a very "farmer city forward" idea.	5/18/2023 8:47 AM
71	Other towns offer FREE lawn clipping pick-up through their city workers and/or trash companies.	5/18/2023 8:38 AM
72	We are already restricted to Thursday thru Saturday. Most normal people have jobs and can't get to their yard duties until the weekend. I would be in favor of lifting the ban to at least include Sundays. Banning the burning of leaves/yard waste in our yards is ridiculous. This is just another way to get more money out of the residents. We pay enough to the city in our power bill and the taxes we pay. What happened to our freedoms? This is absolutely an absurd idea!	5/18/2023 8:05 AM
73	We are already restricted on the days we can burn anyway, taking it away from us completely is just absurd. There's no reason to add additional fees to people who are willing to and do take care of their yards themselves (I.e burning their own leaves and brush).	5/18/2023 7:56 AM
74	Some people can't afford the cost of bags	5/18/2023 7:05 AM

Leaf Burning

75	Why stop in town burning when on the edges of town but located in the county they can burn constantly and always? I don't think in town burning should be stopped until the county does some thing.	5/18/2023 6:14 AM
76	The 3 days we are allowed now are fine. Most of the time you're lucky to get that with all the windy/ rain days.	5/18/2023 2:26 AM
77	No to your ban	5/18/2023 1:33 AM
78	It would be ridiculous to ban burning in this small community, the days are numbered when it's allowed already which is absurd!	5/18/2023 1:16 AM
79	Let us do our thing	5/17/2023 10:39 PM
80	I would just like the community to follow the burn days that are in place. People burn all week long and it's constantly ruining the good days we have. I don't want to smell like fire every day so I avoid going outside when people are burning.	5/17/2023 10:06 PM
81	This is absolutely ridiculous! Why must we pay fees just to get rid of leaves when we can burn them. We pay taxes for our own properties but yet we can't burn on our private properties. This is just an over reach of power and it's disgusting.	5/17/2023 9:29 PM
82	Citizens can only burn a couple days of the week. Have the city hold those accountable for burning on non-burn days. Don't take the option away from the citizens who do it as it supposed to be done.	5/17/2023 9:18 PM
83	Mr. Walsh can rethink this dumb decision... We are already limited to the days and times we can burn. And charging to have pick up is asinine! If this passes, I vote we can dump our leaves and yard waste at his house!	5/17/2023 8:29 PM
84	This is a ridiculous, we along with others take pride in our yards. I feel we need more days for burning sticks and leaves. I do feel if you burn it needs to be in burn barrel or a fire pit and watched at all times. First before the city can come up this let's look at your city lot, it's a disgrace all the workers you have (our taxes and outrages power bills) pay for and you they can't clean it up. I live by it, a big pile of bricks that's loaded with snakes, and all the other piles of crap, bringing my property value down Let's get it cleaned up, put a privacy fence around it. I'm tired of looking at that mess. Try doing the City's job before you take more stuff away from the town's people. Maybe I should fine the city \$100.00 every week I have to look at that lot, after all we get fined if we have crap in our yards and don't mow,	5/17/2023 8:15 PM
85	Let's us burn	5/17/2023 7:39 PM
86	If we can't burn our leaves, I am not paying to have them picked up. They can be used in various way and even composted by the city. Why should we have to pay for that?!	5/17/2023 7:24 PM
87	I think it is fine just like it is ! I see no need to change it!!	5/17/2023 7:13 PM
88	Please do not take away burn days. And it would be wonderful if you'd add Wednesday to days you can burn also.	5/17/2023 6:30 PM
89	I'm 68 years old. Never in my life have had someone tell me I can't burn brush on my own property. Grew up west of here and there is still no problem about this where I grew up. Don't get me started	5/17/2023 6:18 PM
90	I have always been in favor of the right to burn however the constant, unsupervised burning on North Plum is a bit much. I believe that is outside of city limits.	5/17/2023 6:15 PM
91	Do not ban it. We have a big yard. It's hard enough to get the leaves/sticks to our burn pile let alone in bags to the curb.	5/17/2023 5:57 PM
92	Leave it the way it is.	5/17/2023 5:25 PM
93	Do NOT ban leaf/yard waste burning. I am no in favor of paying a fee to pick up yard waste. If you're going to ban it you should NOT charge a fee to pick it up.	5/17/2023 4:05 PM
94	No concerns with burning leaves/waste	5/17/2023 2:10 PM
95	if i wanted to live in the city and by city rules i would not have moved out here ,if you want city rules and association rules try living in champaign and you will appreciate the freedoms have why is i that democrats always try to take away freedoms instead of giving any	5/17/2023 2:04 PM

Leaf Burning

96	Thursday, Friday, Saturday leaf burning is a good compromise and should stay in place.	5/17/2023 1:53 PM
97	I think the current situation is a good compromise. I realize the pros and cons, and I think the balanced approach respects both views.	5/17/2023 1:35 PM
98	We pay enough for everything we don't need to pay more	5/17/2023 1:32 PM
99	We need to be able to keep our yards clean. We can't do that without waste burning	5/17/2023 1:31 PM
100	We have a lot of sticks that blow down and you only pickup those at a very limited basis. Also, living here in FC is way higher cost of living than we were used to before we moved here. Now we are on fixed incomes. We are NOT in favor of more fees!!!	5/17/2023 1:30 PM
101	I work within the city and have many customers with respiratory issues. They struggle with burning . I'd like to see the burning days limited to protect these people .	5/17/2023 1:13 PM
102	I think burning should be allowed on the weekends. Or if only one day of the weekend, it needs to be longer times. Most people work full time jobs all week and are not coming home to do burning. We should have the fair option to burn one day as long as like 8 or 9pm.	5/17/2023 1:13 PM
103	Whatever you do, please do NOT add any new fees!	5/17/2023 1:11 PM
104	Burning has been reduced once already. This precludes people being able to burn when winds are low on the no-burning days. As a result, more people are burning on the 3 days allowed as this is the only time available to them. The Council caused this problem. I would prefer an expansion to the days burning is allowed so as to spread out the days of burning.	5/17/2023 1:08 PM
105	Please don't add a fee as any part of this discussion! We pay plenty of taxes and would rather keep the burning than add another fee!	5/17/2023 1:04 PM
106	Not many in this town could afford any more "fees" added to our bill. And I'm not just referring to the city bill as everything has gone up. Those on limited incomes do not have big city jobs with big city salaries. Look around those that live in FC are old. NO too ban, no to fee, No to Walsh for suggesting it!!!!	5/17/2023 1:02 PM
107	Dumb idea to ban yard waste, If anything we need more days we can burn yard waste. Most people take pride in their yard, burn the yard waste, if you don't like it close your windows, people usually only burn on weekends anyway. Sounds like a money opportunity to me, don't burn it so we can charge you to come pick it, trust me there is already enough yard waste piled up at street department on Monroe that's been there forever along with a huge unsightly pile of bricks that no one wanted. Why don't you focus on that.	5/17/2023 12:53 PM
108	If burning is banned, there will be several yards where no attempt to clean yard waste will occur. I'm not bagging the leaves and paying someone to drag them off when I can burn them quickly and for free!	5/17/2023 12:51 PM
109	I hope it does not get banned	5/17/2023 12:45 PM
110	Absolutely not OK with denying us the freedom of burning leaves, and many people cannot afford to pay for picking it up. Very disheartening.	5/17/2023 12:39 PM
111	It is always "can we charge a fee to allow you to do what we the City wants/does take away from you". No more FEES! Leave the burning of yard waste alone or pick up the waste for FREE!	5/17/2023 12:22 PM
112	We are very much for burning leaves. Bagging them is terribly time consuming and would take so many bags (which i would have to buy) to accomplish. I really hope we can continue the program that exists.	5/17/2023 12:19 PM
113	Clean up junk yards like the Walsh junkyard	5/17/2023 12:17 PM
114	There is no way in hell that I will pay for a service to come pick up my leaves and sticks! The burn rules are ridiculous now. Only 3 days to burn already. The limitation doesn't account for bad weather or if you're not home on those days and then have to wait another week. We should be able to burn when we need to burn. If it bothers people, they should go inside. We can have a fire for hotdogs anytime? And there is not a lot of people in town that burn. Plus, the tree that drops sticks and limbs that I have to pick up all the time and is the majority of why I burn, is a City Owned tree in my front ditch... If you take away burning, then the City can make plans to have the tree dropped immediately.	5/17/2023 12:17 PM

Leaf Burning

115	Don't force everyone to pay, and don't charge an outrageous amount! How about City investing in a truck like Bloomington has that sucks up leaves! No bagging!	5/17/2023 12:11 PM
116	As a newly wed with our first little baby girl on her way in Sept., we moved back to Farmer City as a means of cutting cost with the benefit of moving to the small town I grew I in. More fees with only make Farmer City less attractive to the young couples like myself and also takes away from the nostalgia and sense of community I (and my neighbors) feel when we all help each other with leaves and landscape, working together to avoid extra fees and unnecessary spending.	5/17/2023 12:11 PM
117	My husband and a neighbor both have severe copd. Even with the house closed up the smell seeps in and makes breathing very difficult. If multiple people burn on the same day the smoke hangs in the air all night. Also not everyone exriguishes the fire and it smolders all night.	5/17/2023 12:08 PM
118	The burning cause my allergies to flare up so I would appreciate it if it would be reduced more or better yet, stopping all together.	5/17/2023 12:02 PM
119	Too many huge leaves in our yard to have to bag up plus the cost of bags plus a fee for pickup - don't need extra expenses mixed with high inflation.	5/17/2023 12:01 PM
120	Leaf and other yard waste burning has been a very hard thing for me and my family to deal with since we all have allergies and breathing becomes very difficult when burning is near by. We have to close up our house and use the AC on burn days and we can not go for walks or plan outdoor activities on those days. It is not just inconvenient; it effects our health! Thank you so much for being willing to address this issue!	5/17/2023 11:59 AM
121	It's unrealistic to think we can bag all the leaves that fall from the mature trees. There is no other economical way to deal with the volume of yard waste these mature trees produce. I would be in favor of changing the burning days to the weekdays and ban burning on weekends when more people are prone to be outside. Doing that actually sounds like a better compromise than a total ban.	5/17/2023 11:59 AM
122	One of the reasons people choose to live in small rural communities is that we don't want to deal with pushy commies like you find in big cities. Leave us in freedom and leave us alone.	5/17/2023 11:59 AM
123	Depending on the weather, there are times that the present days are not enough for burning.	5/17/2023 11:59 AM
124	Actually enforce days that it is allowed. Enforce no burning after dark! Or allowing smoldering to continue after dark.	5/17/2023 11:58 AM
125	We are already limited on days to burn, this should not be more of an issue!	5/17/2023 11:58 AM
126	I totally understand that there are people who have issues with smoke. I am OK with banning if there is a reasonable alternative; i.e. a place to take waste locally (there used to be) and/or curbside pickup, especially of limbs. Thank you!	5/17/2023 11:57 AM
127	Just need to make sure people stick to yard waste & leaf burning. Our neighbors burn cardboard & paper they should recycle.	5/17/2023 11:57 AM
128	Migraines, among other health concerns are my biggest reason for wanting leaf burning ban.	5/17/2023 11:56 AM
129	The burning is already restricted to certain days, that's enough. Why should I pay somebody else to burn my leaves?	5/17/2023 11:56 AM
130	ALL of my neighbors burn. We are ALL okay with it.	5/17/2023 11:55 AM
131	Do not give us something else to pay for!	5/17/2023 11:55 AM
132	We already have to pay for the garbage YOU chose, I am not paying for nature disposal!	5/17/2023 11:54 AM
133	We shouldn't already reduce the burning days when there's already limitations on having fires in the backyard.	5/17/2023 11:53 AM
134	I am not paying an extra fee when I can burn it myself, that is ridiculous	5/17/2023 8:48 AM
135	We already have a limited burn time frame that does not work with a lot of working class generation if we cannot burn you will see a lot more piles along the road causing water drainage issues	5/17/2023 8:34 AM
136	Grandkids and daughters have asthma. Leave burning kicks them into attacks.	5/17/2023 6:18 AM

Leaf Burning

137	We seldom burn, but would still appreciate the opportunity if needed. We really like the once a month city pickup.	5/16/2023 9:26 PM
138	This is a joke right?!?!?	5/16/2023 7:28 PM
139	Let them burn Jesus we have enough rules	5/16/2023 6:41 PM
140	If we continue with burning leaf/yard waste, I would like to see that burning days are enforced. I was called in for burning sticks in a fire pit, but my back yards neighbors have burned every night for the past 6-8 weeks. Has been reported but now they burn at 11-12 at night and it's huge blazes	5/16/2023 4:10 PM
141	We burn yard waste but don't burn leaves. We haul our leaves to farmers fields with there permission. Perhaps other people could do that.	5/16/2023 4:03 PM
142	Leave the allowable burn days as is, and strictly enforce them.	5/16/2023 4:02 PM
143	The city charges enough. We do not need anymore charges.	5/16/2023 3:51 PM
144	The rules we have now are fine if they would just be enforced.	5/16/2023 3:44 PM
145	You already control the garbage & recycle, enough already	5/16/2023 3:23 PM
146	We should be able to burn 7 days a week	5/16/2023 3:15 PM
147	Like I stated above I only have one day off the 3 current burn days I will not be able to afford a fee for pickup if a ban is put in place	5/16/2023 2:49 PM
148	We are a rural community the city has no means of collecting leaf or sure send the money to do so. If burning isn't allowed the stuff is going to lay and rot. Making the town looks that much worse. If the city Fathers ban burning then the collection should be at the expense of the city.	5/16/2023 1:31 PM
149	This is not needed. At least with the burn days we have now you can somewhat keep up!	5/16/2023 1:07 PM
150	Some advantages of small town living should be kept. Councilman Walsh mad it personal when he mentioned his girlfriend. City business isn't to be personal.	5/16/2023 12:34 PM
151	The lack of enforcement now ! People burn on any given day ,garbage,lumber,etc	5/16/2023 12:02 PM
152	Enforce current ordinance..many violate this ordinance. Also it's good for those keeping their yard neat	5/16/2023 11:45 AM
153	Leave alone	5/16/2023 11:25 AM
154	Enforce current ordinance about burning. Many people violate this... give warning or tickets	5/16/2023 10:36 AM
